Meeting ID: 386 421 2738

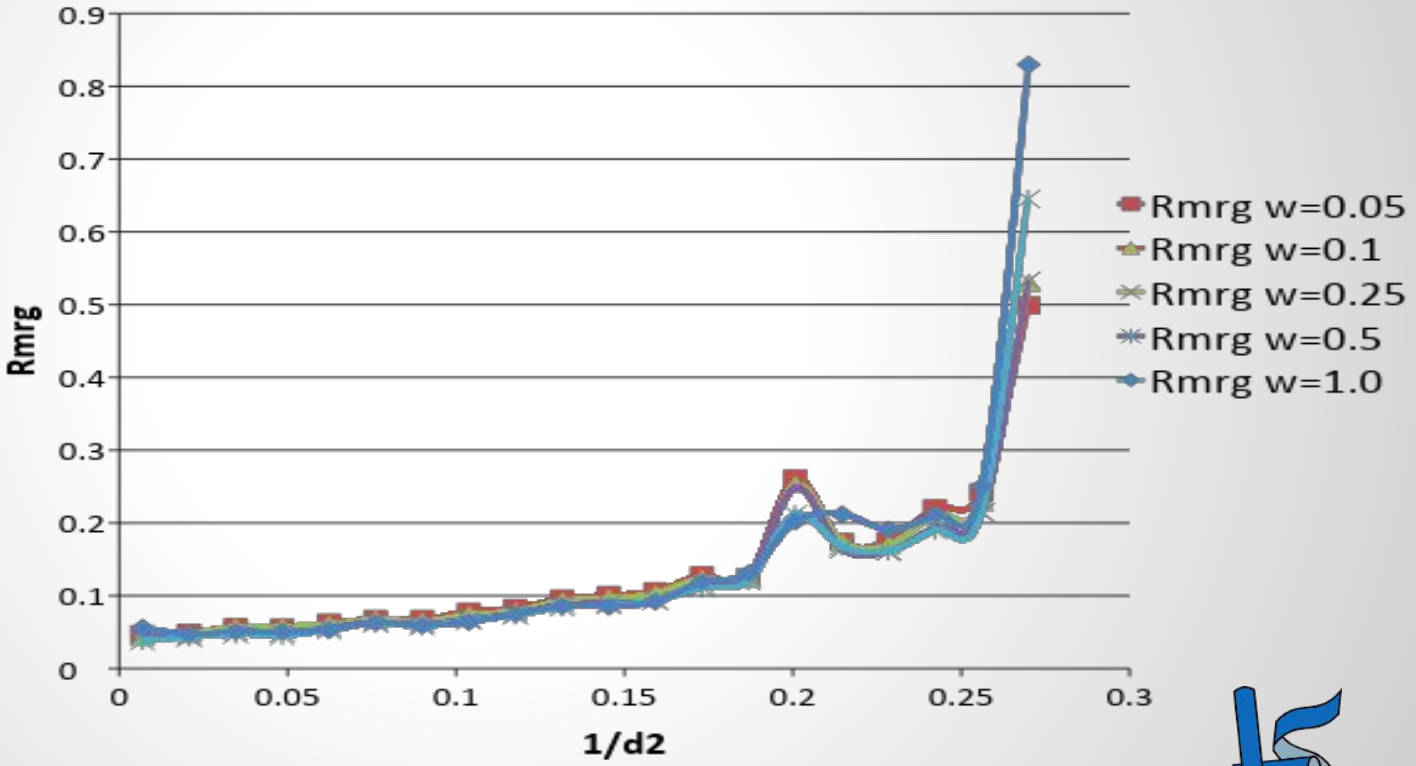

All times CDT

Location: Call in to building 436A conference room

| | |
|---|---|
| 2:00 | Approval of minutes and agenda (JS) |
| 2:10 | Optimizing Eiger Data Collection |
| 2:20 | LS-CAT Status (KB) |
| 2:40 | LS-CAT FY 2018 Budget (KB) |
| 2:50 | Fall Meeting Agenda Planning |
| | Adjourn |

# Optimizing frame width to mosaicity for the Eiger

- Insulin xtal
- <Mos> 0.4

# Planning Ahead

- It's about 4 years until the end of the current LS-CAT agreement
- It takes about 1 year to get everyone to sign onto a new agreement (or just an extension of the old one)
- Hence, we have 3 years to decide on what that agreement should consist of and commit it to legalise
- It's not too soon to start a formal process:
    - The board should consider forming an *ad-hoc* committee on the future of LS-CAT to make recommendations to the full board
- The recent FY 2018 budget was good the the APS upgrade and they are moving along
- The APS upgrade will start mid 2022 at the earliest.  We'll have some time to remake LS-CAT in whatever image you like

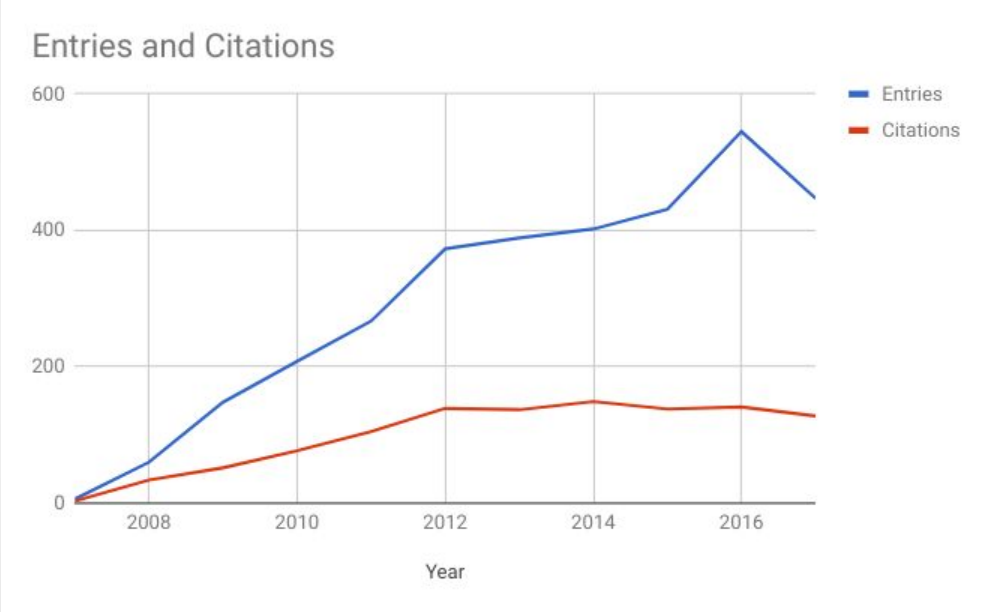

# Usage reports

- I've been planning to send reports out to each member at the end of each run that includes time scheduled, time used, and who was involved in the experiments.  And importantly, a list of publications and released PDB deposits.
- Problems with sorting the publications and PDB by institution have finally been worked out so you should expect these to in the near future
- My hope is that these reports will be useful in discussions with your administration about LS-CAT support.
- We expect an APS review of LS-CAT in late 2018 or early 2019.  When you receive your institution's publication list it would be helpful if you'd review it and especially let us know of missing dissertations that used data from LS-CAT

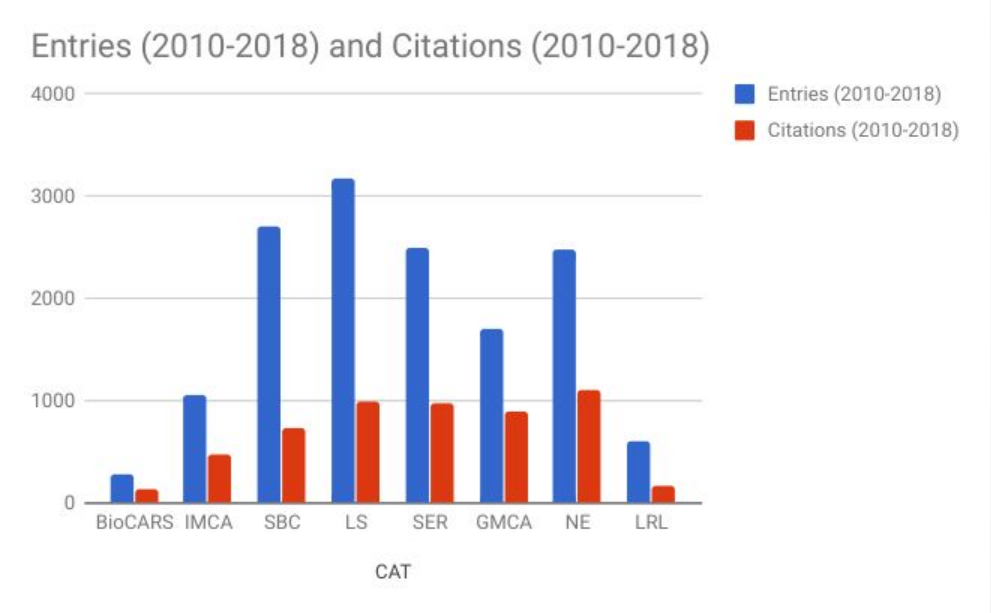

# Publication List Comments

- Full LS-CAT pub list contains over 1,400 articles
- Dissertations summary as of now:
  - Total LS-CAT Dissertations 2005-2017: 208
  - Total LS-CAT Dissertations 2017: 9
- LS-CAT compares well with the other APS CATs
  - PDB deposit rate is well above our peers.
  - Publication rate is on par with our peers
- There are a number of publications with multiple LS-CAT members as co-authors
- The LS-CAT staff routinely collaborate with members
- Some of the clients of data collection contractors are starting to publish and deposit structures
  - Entries from people we do not know
  - Acknowledgements?  Ha.

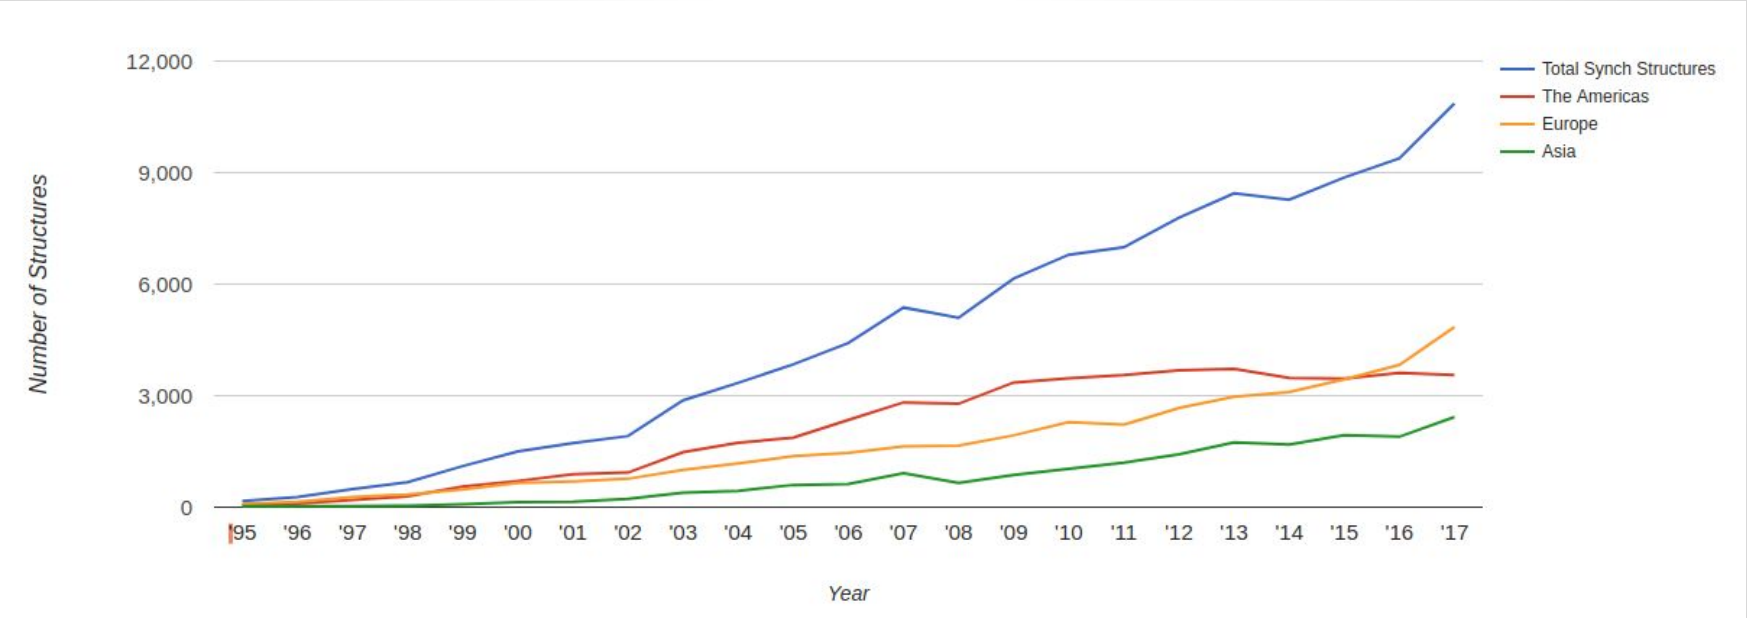

# Released PDB Deposits (and Citations) by year.

# PDB Deposits from LS-CAT and Peers 2010-2018

# World Wide PDB Deposits by Year (from BioSync)

# FY 2018 (so far) and Predicted FY 2019

FY 2018 budget was approved last year.

FY 2018 (Est) is our best estimate of how things are going based on the first 6 months of the fiscal year (which starts September 1)

FY 2019 3% is the proposed budget for the upcoming fiscal year.  As written we may need to into the capital fund to cover the service contract for the detector.

| Description | FY 2018 | FY 2018 (Est) | FY 2019 3% |
|---|---|---|---|
| Salaries | 798,308 | 805,054 | 855,365 |
| Fringe Benefits | 215,543 | 220,585 | 234,370 |
| Supplies | 40,000 | 22,038 | 40,000 |
| Supplies, Restricted | 2,500 | 264 | 2,500 |
| Services | 30,000 | 26,264 | 30,000 |
| Services, Restricted | 20,000 | 14,208 | 20,000 |

| F&A | | 389,413 | | |
| Total | | 1,738,911 | | |
| Per Share | | 347,782 | | NU UM MSU |
| Per 1/2 Share | | 173,891 | | UW UI VU |
| Per 1/4 Share | | 86,946 | | WSU VARI |

Vote 1:
Approval of amounts shown.

Vote 2:
Exact amount of capital equipment needed depends on what breaks and which upgrades cannot be postponed. Monies left on this line will be added to capital fund or, conversely, when outlays exceed this amount we'll dip into the capital fund. As always, the board will be kept informed about unusually large expenses. Vote 2 allows the capital equipment funds to be used for normal upkeep of the facility.
